

Marathon 800 and 1200 Carpet Extractors

An award-winning patented design, setting new standards for the industry in carpet extraction

Clean Large Areas Faster

Great for maintaining carpeted areas, the portable Marathon 800 and Marathon 1200 self-contained extractors are available in your choice of 8 or 12 gallon sizes. Ergonomically designed to clean large areas with ease and comfort, the Marathon 800 and Marathon 1200 also deliver superior durability, easy operation, and maximum cleaning productivity.

Internal Bladder Design

Automatically flush, scrub and vacuum carpets in one pass, with our Marathon 800 and Marathon 1200 self-contained extractors. Unlike all other self-contained units, these extractors utilize a clever patented internal bladder design system that maintains constant brush pressure on the surface, regardless of the position of the water in the tank.

Small Footprint for Ease-of-Use

In addition, the bladder design has allowed us to shrink the "footprint" of the unit to allow for easier transport, storage and better sight lines for the operator. One of our most popular sellers, the Marathon 800 and Marathon 1200 extractors deliver state-of-the-art cleaning, user-friendly operation, and easy-to-service design.

Optional Tools to Fit Your Needs

Enhance the flexibility and mobility of the Marathon 800 and Marathon 1200 with optional tools and accessories to meet your unique cleaning needs. Optional, productivity-boosting accessories include a 20-foot hose, hand, crevice, upholstery and stair tools, and a deluxe drag wand that allows you to reach small, compact areas that the self-contained unit will not go.

MARATHON 1200

MARATHON 800

Versatile and easy to use

Whether used in an office or classroom, hallway or lobby, the Marathon 800 and 1200 leave behind clean carpets. The unit was designed with ease-of-use in mind and is an operator favorite.

Easy-view solution and recovery tanks

Clear tank lids permit monitoring of solution and recovery levels. Molded-in finger-grips allow quick removal and replacement of covers for refilling or cleaning the tanks.

Convenient drain system

The solution drain hose is located at the rear of the unit for easy access.

Patented bladder design

The Marathon bladder system maintains a constant level of brush pressure for optimal extracting performance at all fluid levels.

Service-friendly

The Marathon 800 and 1200 are easily accessible for service and maintenance operations by qualified personnel.

The Marathons employ a unique water delivery system minimizing complexity and virtually eliminating the need for tools to service. Their state-of-the-art engineering is what separates these units from the competition!

PRODUCT SPECIFICATIONS

MODEL	MARATHON 800	MARATHON 1200
CATALOG NUMBER	98166	98168
POWER (Also available in 230V configurations)	115V / 60Hz	115V / 60Hz
COVERAGE PER FILLING	600 sq. ft.	900 sq. ft.
SUPPLY CAPACITY	8 GAL	12 GAL
RECOVERY CAPACITY	10 GAL	14 GAL
SOLUTION PUMP	100 PSI	100 PSI
SOLUTION FLOW	1.1 GPM	1.1 GPM
VACUUM MOTOR	2 HP	2 HP
VACUUM	99 CFM	99 CFM
STATIC WATERLIFT	117"	117"
BRUSH SPEED	900 RPM	900 RPM
BRUSH SIZE	17"	17"
EXTENSION CORD	50'	50'
SIZE (H X W X D)	36" X 20" X 38.5"	36" X 20" X 38.5"
WEIGHT	100 LBS	100 LBS
